DASPA PUBLIC NOTICE

Please be advised that in light of the COVID-19 pandemic, DASPA is undertaking preventive measures to safeguard its staff required to operate as essential service providers.

With immediate effect, all persons/users of the ports of entry, mainly Woodbridge Bay Port, Longhouse Port, Douglas-Charles Airport and Canefield Airport visiting/undertaking business/passengers are asked to exercise social distancing and **MUST** wear some form of protective face covering, which could be in the form of a scarf, non-medical mask, or a similar item to cover your mouth and nose whilst operating or conducting business transactions at any of these locations.

These actions are meant to further protect our employees who are part of the essential service and also form part of the frontline workers in ensuring that essential cargo/goods, medical supplies and medical personnel enter our ports in Dominica, whilst at the same time ensuring that our agricultural and other cargo continues to be exported.

We want to thank you for your understanding and support in the prevailing circumstances, as we all fight this dreaded disease called COVID-19.
